

Dear Community Impact,

Thank you for presenting to the [F@CU](#) committee on Wednesday, May 2nd. The committee's final allocation decision for CI for the 2007-2008 academic year is \$74,223.00.

This number is less than what was received last year, however given F@CU's historical policy regarding surpluses, the committee felt the reduction was warranted.

Total for Board Programming:

The amount requested was \$25,820 and the final allocation was \$23,320. Given the purpose of CI groups, the committee understands the importance of CI's board programming to recruit and maintain its volunteers. The main reduction came from the committee's reservations about using student activities fees to fund After VAD.

Total for appeals and co-sponsorships:

The committee decided to fund appeals and co-sponsorships at the same level as last year.

Total for Debt Recovery:

The amount requested was \$4,000 and the final allocation was \$0. Once again, given the surplus this year, the committee did not feel a budget for debt recovery was necessary.

Total for initial allocations:

The amount requested was \$57,944 and the final allocation was \$57,944.

As per your request, the numbers will be made public after all the governing boards have been notified of their allocations. Please feel free to contact any members of the committee should you have any questions and concerns.

Have a wonderful summer and we look forward to working with you next year!
The [F@CU](#) Committee
